

GRAND CERCLE

DES VINS DE BORDEAUX

LONDON - THURSDAY 12 MARCH

THE TALENT POOL

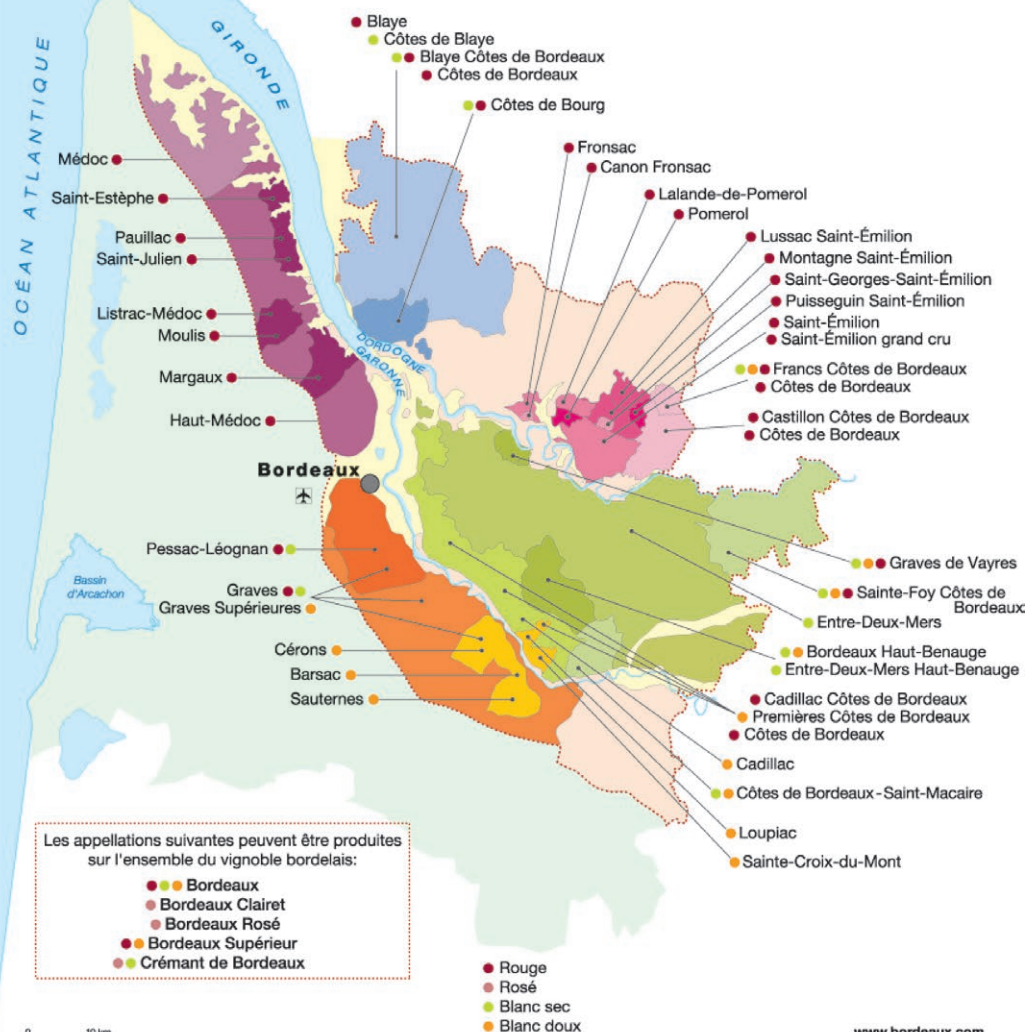

The Grand Cercle des Vins de Bordeaux gathers winemakers, from Bordeaux right bank and left bank, who in their quest of excellence share Bordeaux traditional values of vine and wine.

In the diversity of their 26 appellations of origin, the 138 Châteaux members of the Grand Cercle prove it is possible in Bordeaux to offer superb wines, made with ethics and passion. Those wines are suited to every occasion and every budget : The reference for “everyday drinking housewines”.

Alain RAYNAUD

President of Grand Cercle des Vins de Bordeaux

Lexicon of environmental approaches

AB (Agriculture biologique) :
Organic Farming

It ensures compliance with European regulations in terms of organic farming.

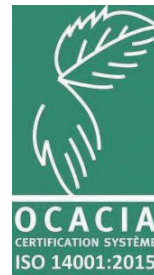

AREA (Agriculture Respectueuse
de l'Environnement en Aquitaine) :
Environmentally friendly Agriculture in Aquitaine.

This organization supports and guides Bordeaux producers who engage in nature-friendly practices.

HVE (Haute Valeur Environnementale) :
HEV (High Environmental Value)

Label created by the Ministry of Agriculture.
It is a recognition for the farms engaged in
particularly environmentally friendly approaches.

NORME ISO 14001 :

International Organization for Standardization
This standard requires compliance with the principle of continuous improvement of a company's environmental performance, by controlling the environmental impacts linked to its activity.

TERRA VITIS

Sustainable viticulture label

It guarantees that winemakers have optimized the use of natural resources to cultivate their vines.

SME (Système de Management Environnemental)
des vins de Bordeaux : EMS (Environmental
Management System) of Bordeaux wines

The objective is to support the environmental transition and accelerate the change in Bordeaux vineyard practices.
